The Classic Environment is supported on PowerPC-based Macintosh computers running versions of Mac OS X up to 10.. 4 'Tiger', but is not supported with 10 5 'Leopard', or on Intel-based Macintosh computers running any version of Mac OS X.

8 Mountain Lion The Original Mac OS 9 Emulator - Duration: 4:08 Martin Nobel 21,534 views.. The Classic Environment is a descendant of Rhapsody's 'Blue Box' virtualization layer, which served as a proof.. Jan 27, 2013 The good news is that you can use SheepShaver to run 'Classic Environment' on Mac OS 10.
